Crop news from Galveston—Our agent

wires us the following: "The Galveston News says: Plants are small, but strong; otherwise crop prospects are very good for more than the average yield. The fields are free from grass. More land is planted in cotton than last year by 7 to 10 per

Our correspondent at Greenville, Miss., writes us about the growing crop under date of May 18:

Our section, and as far as we can hear from above and below, were visited with good rains last night. At this time of writing (4 p. m.) we are again having rain. Our prospects so far in this section are far ahead of anything known for years. Acre-ages have been increased, as we have not suffered from overflow as we did last sea-The rain will induce rapid growth, nd plants will recover from any loss from ecent cold nights.

GOVERNMENT STOCKS AND BONDS.

NEW YORK, May 19.—The stock market to-day gave promise of developing a reac-tion from the depression of the last few days; but notwithstanding the more hopeful and favorable advices from abroad the continuation of gold shipments caused a renewal of pressure to sell for both sides of account, and the improvement scored early in the day could not be maintained. The market closed quiet, but firm. Final hanges actually show some advances, and material loss for the day is 1 per

Railroad bonds dull. Government and state bonds neglected.

OPENED STRONG.

AMERICAN GOLD GOES UP.

The Chicago, Burlington and Quincy Declares a Dividend of 1 per Cent-Oregon Improvement 5's Exceptionally Strong and Higher.

Special to the Gazette. New York, May 19.-In consequence of the early buging by London our market operated stronger, but as the news of the engagement of gold came out prices sugged off below yesterday's closing. The Chi-cago, Burlington and Quincy directors de-clared a quarterly dividend of 1 per cent. Gould stocks and Atchison were noticeably weak. Stocks rallied in the afternoon despite the gold shipment. Cables from London announced that the Bank of England had once more raised its price for American gold in penny, making the price now 6.614.

The bond market was dull and generally lower. Oregon improvement 5's were ex-ceptionally strong and higher. Final prices were irregularly changed. The following table shows the important net advances and declines for the day

FORT SMITH BRIDGE.

Mr. Cleveland and Governor Hogg State Reasons Why They are Unable to Attend the Celebration.

FORT SMITH, ARK., May 18.—The committee on invitation to the big bridge celebration had hoped that ex-President Cleveland and Governor Hogg of Texas would be among the invited guests, but will be disappointed, as the following letters re-ceived to-day by the committee will show: New Your. May 14, 1891. To R. H. Adowe. Esq., Secretary, etc.:

My Dean Sie-The completion of the great bridge at Fort Smith, it seems to me, Is an event well worthy of celebrating, and I should be delighted if I could be present and join the people of your city and state in the demonstration of their appreciation of the value and importance of completing this grand structure. I regret, however, that my labors and engagements are such as a children to the reason of the pleasure which to oblige me to forego the pleasure which the acceptance of your invitation would afford, Yours very truly, [Signed] GROVER CLEVELAND.

EXECUTIVE OFFICE, AUSTIN, TEX., May 13, 1891.

S. A. Williams, Esq.: DEAR SIR-I am very thankful for your courteous invitation by favor of the 11th inst. to become the guest of your city on the occasion of the bridge celebration to take place there on the 27th of this month. It is with regret that official duties here will deay me the pleasure of attending the cele-bration and mingling with your people on that occasion. Your state has already many interests in common, and for sure I hope that the social, political and business rela-tions between the two states may grow more intimate and stronger. No doubt such occasions as your generous people propose to celebrate will contribute much to such relations, and I trust, all things considered, it will be a success. Very truly yours,

A Sea Sick Passenger. On the ocean cares little about a storm. He is positively indifferent whether he is washed overboard or not. LECTURE ON DYSPEPSIA.

The Bone of Modern Civilization.

An Insidious Enemy to Mankind. Varieties Explained--Cures Discussed.

By Dr. S. B. Hartman.

Dyspepsia is a term that is used to cover all chronic diseases of the digestive system which produces either painful, irregular of imperfect digestion of the food. While ca imperfect digestion of the food. While ea case presents a slightly different his and combination of symptoms, yet cause of dyspepsia can be traced to an sources. First, chronic gastritis (a st dyspepsia); second, weakness of the sto ach, (atonic dyspepsia); third, slugg has of the liver, pancreas and gland of t bowels (reflex dyspepsia). Gaste dy pepsia is due to chronic inflamms in of t stomach, and se estimes the due hum. For this condit. I find Personal transfer an admirable remains an admirable remains an admirable remains and full deptoms, and prompt relief to the condition and the conditions it makes a stomach, and seetimes the du

prompt relief to the prompt relief to the prompt relief to the permanent cure.

In the chronic varie of dyspepsia there is not usually the part but a feeling of great weight, so at mes faintness, after each meal, the set by sour cructions after each meal, the set by sour cructions to be well-nigh invinci-n my large practice e Pazve yet to learn of a and corresp

apepsia which has ge-ru-na. s due to derangements panereas or bowels liver medicines and laxations hit upon the compound named t restores the regular action of symptoms. Taken in doses suited to the severity of each partiallar case, it produces a healthy action of the bowels, without any physicing effect. Indever, and it will rarely, if ever, and to cure the worst case. In conclusion, it often happens that two or even three of the varieties of dyspepsia above described effect a person at one time; in which case Peru-na and Man-a-lin should be taken at the same time according to the directions on the labels of the bottles.

BAPTISTS CELEBRATE.

Various May Anniversary Meetings of the

Baptists. CINCINNATI. Outo, May 18.-The May anversaries of the Baptist denomination of the United States are about to begin in this city and will continue throughout this week and extend into next week. There were special praise meetings in all the Baptist churches in the city last night, at which some of the delegates were present. Among some of the delegates were present. Among those who were heard at these meetings were Dr. Hobart of New York, Miss Anna B. Hartwell, missionary to China; Miss M. A. Ehlers, New Orleans; Mrs. W. A. Montgomery, Rochester, N. Y.; Mrs. J. N. Crouse, Mrs. J. W. Harris, Mrs. J. S. Murrew, Indian Territory; Miss J. P. Moore, general missionary among the colored people in Louisiana. ple in Louisiana.

General merchandise wholesalers report business good, both for the city and out of the city.

Pork Packing and Provisions.

The Cincinnai Price Current says: "The past week shows an enlarged marketing of hogs, the Western packing returns indicating a total of 195,000, against 155,000 the preceding week, and 285,000 last year. From March 1 the total is 2,200,000, against 2,315,000 a year ago. These figures imply a decrease for the week of 90,000, and for the season of 115,000, in comparison with last year. Prices of hogs were well maintained most of the week, closing 10@15c per 100 pounds lower than a week ago on an average of the larger operating points. The current marketings are not in excess of Pork Packing and Provisions.

previous expectations, but rather under general calculations. The quantity is now improving in most centers. A feature of the season's hog movement is the large shipments from Chicago—which, from March 1 to May 12 were about 750,000° against 395,000 for corresponding period last year or just double.

year, or just double.

This increase in shipments from that market to a large extent reflects the en-largement in receipts in Eastern markets—although Indianapolis, Cincinnati, Cleveland, etc., have drawn upon Chicago more or less for supplies, and to an extent under-stood to be in excess of last year. The arrivats of hogs at Boston since March I have gained largely over last year, showing a total of 302,000, against 208,000 last year. At New York the comparison is less marked, the total being 410,000, against

377,000 last year.
"These two points show 127,000 or nearly These two points show 127,000 or nearly
22 per cent in the aggregate increase in supply, compared with corresponding period
last year. Information concerning other
Eastern markets not at hand. It is to be
observed that a large proportion of the
products of hogs received in the Eastern market is consumed fresh, and the distributton in this manner this season is under-stood to have been enlarged, probably to an extent corresponding closely or fully with the increase in supply. This is more fully applicable to meats than to lard, the latter product naturally finding enlargement of production closely corresponding to any gain in the slaughtering. "The week now closed began with a fairly

firm feeling in the provision trade at Chi-cago, probably strengthened somewhat by sentiment, based on the packing exhibit. Subsequently, however, the general tendency was downward, though gradually, and the week closes with a decline of 62½ cents on pork, 22½ cents per 100 pounds on lard, and 30 cents on short, rib sides for July delivery, compared with a week ago. The domestic demand has been a little slack, the distribution, trade having reviewing the distributing trade having previously the distributing trade having previously secured good supplies while values were advancing, and are now curtailing current orders in the supply nurkets. The exports of produce for the week were fairly liberal, but some that short of corresponding period last year, for both media and land."
